Joint Exercises of the Future

The overall classification is

UNCLASSIFIED

Future Joint Operating Environment

"The next quarter century will challenge U.S. joint forces with threats and opportunities ranging from regular and irregular wars in remote lands to relief and reconstruction in crisis zones, to cooperative engagements in the global commons." (The JOE 2010)

Strategic Response: Mission ready joint forces for critical worldwide contingency operations.

Extracts from Current Strategic Guidance

Training Implications

- Sustaining U.S. Global Leadership: Priorities For 21st Century Defense
  - "Transitions Our Defense Enterprise From An Emphasis On Today's Wars To Preparing For Future Challenges, Protects The Broad Range Of U.S. National Security Interests
  - "A Blueprint For The Joint Force In 2020"
  - "Working With Allies And Partners To Establish Control Over Ungoverned Territories.."
  - "While U.S. Military Will Continue To Contribute To Security Globally, We Will Of Necessity Rebalance Toward The Asia-Pacific Region"
- Turning Point – Implications Of New Strategic Guidance For CE2
  - "All Combatant Commands Exercise And Engagement Programs Must Strive For Strategically Aligned Global Effects Rather Than Being Strictly Regionally Focused"
  - (LtGen Flynn's Guidance " "Linking CCMDs Exercises")
- CE2T2 Program Goals And Objectives (PGO)
  - "Ensure Joint Training, Exercises, And Engagement Activities Promote Capabilities And Training That Typify Joint Operations, Institutionalizes The Lessons Learned Over The Last Decade Of Operations"

Focus Areas for Training

CE2T2 PGO

- Train Irregular Warfare Threats (Counterterrorism, Unconventional Warfare, Foreign Internal Defense, Counterinsurgency & Stability Operations.)
- Train Operations to Deter and Defeat Aggression
- Enhance Integration With Partners
- Strengthen Security and Resilience at Home
- Improve Capabilities for Cyber, Space, and Information Operations
- Enhance Unit and Individual Adaptivity
- Improve our Ability to Train Realistically and Efficiently

Joint Training Support and Emerging Enhancements

Joint Training Support

- **Exercise Program**
  - Computer-assisted, Master Scenario Event List driven events focusing on Commander's Training Objectives for complex operations
- **Relevant Operational Environment**
  - Incorporates PMESII/ASCOPE Comprehensive Approaches
  - Robust multinational, whole-of-government interaction, e.g., DEA, USAID, Red Cross, Treasury, Coalition, host nations, NGO, private sector
  - Worldwide News Network Pro
  - Adversarial Media Products
    - Foreign News Network
    - Threat propaganda produ
  - Strategic Communication
    - Key leader engagements
    - Interactions w/local religious, social, political, and military leadership
  - OPFOR (Multidimensional and Free Thinking)

- **Senior Mentor, Observer Trainers**
  - Over-the-shoulder coaching
  - Facilitated after action review (FAAR)
  - Commander's summary report

unclassified

DD JS J7, Joint and Coalition Warfighting Emerging OPFOR Capabilities

OR support to CCMDs provided by USJFCOM and JCW traditionally focuse
narily on depiction of adversary's tactical forces using modeling/simulat

developing enhanced capability to facilitate the design, planning, and e
wider array of OPFOR options, ranging from scripted adversary to a dy
-thinking adversary

ntly provided robust OPFOR support to major USCENTCOM exercise
ynamic, free-thinking, and competitive OPFOR
epicted full range of adversary's capabilities,
- **Strategic to tactical, lethal and non-lethal *(to include cyber, space, E***
- **More than just military --- also depicted diplomatic, informational, ar economic capabilities of adversary**

PFOR's used all means to defeat training audience, but still under JECG
exercise director's control to ensure appropriate restraint
ubject matter experts from DIA, NASIC, ONI, NGIC, CIA, CYBERCOM, etc
accurate depiction of adversary's capabilities

rdinate OPFOR support through JCW LNO or Desk Officer

Collective Training & Regional Security Cooperation Network (RSCN)

Shifting the Emphasis

ogram Description and Guidance:

- A priority goal of the RSCN program is to designate resources to improve interoperability between U.S. and foreign militaries and to enhance regional security cooperation.
- Strategic Guidance and CE2T2 Program Goals & Objectives provide the guidance and focus areas for the program.
- JS J-7 JCW provides the CCMDs an exercise and engagement enabling capability for Security Cooperation exercise support. This capability includes dedicated Gov / Mil event planner / ADL support and fiscal resources .

COLLECTIVE TRNG PORTION OF RSCN FUNDS

	FY13	FY14	FY15	FY16
JSJ-7	290K	140K	140K	140K
PACOM	250K	500K	250K	500K
CENTCOM	500K	250K	500K	250K
AFRICOM	130K	180K	180K	180K
SOUTHCOM	130K	180K	180K	180K
EUCOM	130K	180K	180K	180K
TOTALS	1.43Mi	1.43Mi	1.43Mi	1.43Mi

- Support will generally be decided using existing CE2 business rules.
- Proposals for exercise support will need to show linkage to OSD Defense Priorities for regional multinational engagement and be in concert with RSCN program goals.

Way Ahead:

- Note that rest of FY 12 and FY 13 will allow for requirements definition & program ramp-up, depending on maturity of CCMD events.
- CCMDs decide if they want to use this capability.
- Provide proposal through JS J-7 JCW desk officer / JS J-7 LNO. Specify level of support required (e.g. Technical / M&S; Exercise Design; MSEL; WNN; Public Affairs Spt; AAR).

	EUCOM	CENTCOM	SOUTHCOM	AFRICOM	PACOM
"AS IS"	-SEESIM -Viking -LOGEX	Regional Cooperation	0	0	0
"TO BE"	-1 Exercise	RC New Event	New Event	New Event	New Event New Event

EUCOM: EUCOM would need to decide which exercise it desires JCW to support (e.g. LOGEX) or some other event
CENTCOM: CENTCOM receives support for two events, Regional Cooperation and 1 new event (CENTCOM weighted because of on-going operations)
SOUTHCOM and AFRICOM: Receive support for 1 event
